

مكائن خلط و رش مواد - ليايسة

Mortar Mixer & Spraying Machine - Plaster

Specifications	Model No.		
	ME-N2	ME-N5	ME-N9
Type	Mortar Spraying Machine رش المواد	Mortar Spraying Machine رش المواد	هذا الموديل يقوم بخلط ورش المواد
Voltage , power connection	380V 50HZ, 3 PH	380V 50HZ, 3 PH	380V, 50HZ, 3 PHASE
standard pump conveying capacity معيار مضخة التوصيل	20L/min	20L/min	25L/min(Low speed), 35L/min(High speed)
conveying distance توصيل المواد	with \varnothing 25 mm, up to 30m / with \varnothing 35 mm, up to 50m	with \varnothing 25 mm, up to 30m / with \varnothing 35 mm, up to 50m	50m
conveying pressure نقل الضغط	30bar	30bar	30bar
Pump motor قوة ضغط المكينة	4.0Kw	4.0Kw	5.5Kw
Material use المواد المستخدمة	Wet	Ready Mix - Dry	Dry
filling height الارتفاع المملوء	650mm	890mm	1280mm
Max allowable diameter mortar	3mm	3mm	6mm
mixing pump module خلط المخضة	92kg	92kg	Normal mix module
total weight الوزن الاجمالي القائم	195kg	282kg	510kg
Dimension length*width*height)	1697*570*945mm	1580*660*1600mm	2270*1310*980mm
Origin, الصناعة - تكنولوجيا المانية	China ,technology of Germany	China ,technology of Germany	China ,technology of Germany

Application Scope

Normal mortar, thermal insulation mortar, dry mortar, anti-crack mortar, interface agent, lacquer putty, building glue, adhesive, fireproof materials, epoxy coatings.

* Delivery Time Sea freight : One week prepar /28 Days after received the down payment

Accessories: 15m \varnothing 35 mm mortar hose, 15m \varnothing 10mm air tube, high pressure spraying gun, connector for, remote control, cleaning unit, tool bag, and manual book.
